Meet your local apprenticeship experts

As part of the Australian Government's commitment to developing a highly skilled nation, Apprenticeship Network Providers have been appointed across the country to support employers, apprentices and trainees.

MEGT is an Australian not-for-profit Apprenticeship Network Provider (ANP) that has been supporting employers, apprentices, trainees, and job seekers since 1982. As Australia's largest and only national ANP, we are your local apprenticeship experts.

We make apprenticeships easy

Whether you choose to upskill existing staff or take on a new worker, your business will benefit from the skills and increased productivity that formal training adds to the workplace. When you sign up an apprentice or trainee, you may also be eligible for Government financial incentives.

To engage an apprentice or trainee, a Commonwealth Government Training Contract must be in place. It may sound complicated but don't worry – that's where we come in!

Our FREE service includes:

- Sign-up and registration of your apprentice or trainee
- Assistance with Government incentives that you may be eligible to receive
- Access to our free online jobs board to find the right match for your team
- Information and advice to help you decide whether an apprentice or trainee is right for your business
- Help with choosing the right Registered Training Organisation (RTO) to deliver off-the-job training
- Easy access to your apprentice and trainee records via our free web portal (MAACO)

Our relationship doesn't end when they start work...

...in fact, that's just the beginning!

As your apprentices and trainees progress, we'll be here to offer free personalised and confidential mentoring to give them the best chance at remaining in employment and completing their training.

This support can include:

- Development of a "stay at work" plan for an apprentice or trainee who may be at risk of not completing their training
- Regular site visits or phone calls to discuss challenges that may be impacting their performance
- Connection to professional support services where required
